The traveler, who was asked by a clerical-looking fellow-passenger—whether or not he drank, may have been justified, before answering, in asking whether the question was an inquiry or an invitation. But my advice to you, sir, is "Let not opportunity slip between your fingers." Take it, whenever such a query is put to you, as a pressing invitation, provided, sir, that there is within convenient reach a supply of

in the Walks of  
Politics.Men Who Are Candidates and  
Men Who Are Not and What  
People Say.The Reformers want to reduce the  
number of police stations almost fifty  
per cent. In the opinion of the re-  
formers who are holding up people,  
there should be no police stations.Oscar F. Mayer would make a splen-  
did city treasurer.County Judge John E. Owens' clean  
and honest administration of affairs  
in the County Court has gained for  
him the admiration of all Chicagoans.Both as a lawyer and a citizen James  
S. Hopkins is liked and respected by  
all who come in contact with him.The Telephone Trust in order to  
throw dust in the eyes of the public  
has announced that it has set aside  
ten millions for pensions to its em-  
ployees in all the companies that it  
owns.If the Telephone Trust can afford  
to divide ten millions of dollars as  
pensions to its employees after paying  
eight per cent dividends to its stock-  
holders, then the city council ought  
to be convinced that it can start a  
big reduction in telephone rates.All of these millions come out of  
the pockets of the people and the  
victims of a monopoly are not apt to  
feel their burdens lightened by honied  
talk about pensions for employees.The people demand relief from the  
telephone burdens.They will keep on demanding re-  
lief until they get it.The head of the principal part of  
the Chicago end of the trust is quoted  
in a daily paper as saying:"The five Bell Telephone Com-  
panies, with headquarters in Chicago  
—the Chicago Telephone Company,  
Central Union Telephone Company,  
the Cleveland Telephone Company,  
Michigan State Telephone Company  
and Wisconsin Telephone Company—  
will adopt the pension, disability ben-  
efits and insurance plan in behalf of  
their employees.""The approximate number of em-  
ployees in the five companies operat-  
ing in the five states of Illinois, Wis-  
consin, Indiana, Michigan and Ohio, is  
29,000."The trust claims to have over 300,  
000 customers in Chicago alone.Why doesn't it do something for  
its customers?

People will keep on asking why.

President Thomas A. Smyth, of the  
Sanitary District, has increased the  
efficiency of the service one hundred  
per cent since he took office.Judging from the number of alder-  
manic candidates now in the field  
with petitions, the spring fight will be  
a lively one.Every time you go to the telephone  
you feel like voting against a man  
who favors the Phone Trust.Among Chicago's leading financiers  
and business men no man stands high-  
er in the estimation of the people than  
Albert G. Wheeler.John J. Geraghty, head of the An-  
cient Order of Hibernians and well  
known manufacturer of badges and  
buttons would make a fine city treas-  
urer.Common justice demands that Al-  
bert J. Hopkins be appointed to the  
seat in the United States Senate that  
he was so unjustly deprived of.(ADVERTISEMENT.)  
THE AUTOMATIC TELEPHONE.For a good many years the Chicago  
public had ample opportunity to ob-  
serve what telephone monopoly meant  
in the way of service.The rates had been raised several  
times—and threats of another raise  
were being made. There was talk of  
abolishing certain forms of residence  
service. The public was treated with  
scant courtesy. There were intermin-  
able delays in changing old phones  
and installing new ones.Then came the automatic telephone,  
bringing with it the much needed  
spur of competition.What happened?  
Immediately the utmost efforts to  
improve the manual service were  
made.But it is a cold, hard fact that these  
efforts have been to a large degree  
unsuccessful. It is simply a physical  
impossibility to make manual service  
come anywhere near the remarkable  
efficiency of the automatic.The reason is obvious. The auto-  
matic is a higher development of the  
telephone principle.It has eliminated the huge cost and  
great uncertainty of the human  
operator.It has made telephoning secret,  
quick, low in cost.On the Automatic telephone a ma-  
chine—quick as lightning, absolutely  
accurate—gets your number for you.  
There are no hitches, no delays, no  
wrong numbers.Automatic telephone service has re-  
ceived a tremendous welcome in Chi-  
cago. Automatic service has doubled  
and doubled again until over 400,000  
calls per day are being handled.And all this in the face of one of  
the most powerful monopolies the  
world has ever seen.For better telephone service, phone  
for your Automatic today—Commer-
